

KARI GRAN[®]

be kind to your skin

Introducing: ‘Radiant’ Lip Whip!

The perfect, everyday lip balm is shining a little brighter this spring!

Kari Gran’s ‘Naked’ and ‘Tinted’ Lip Whips have created a gloss devotion like no other, and this May the company has launched an exclusive, limited edition new color – **‘Radiant.’**

Taking a nod from this year’s PANTONE Color of the Year – Radiant Orchid – Kari Gran’s new ‘Radiant’ Lip Whip is a stunning fusion of fuchsia, purple and pink undertones, giving lips a brighter, rosy hue that’s perfect both alone or paired with lipstick.

Maintaining the same all-natural, organic, wild-harvested and non-GMO ingredients as all Kari Gran products do, the new ‘Radiant’ Lip Whip is handmade and hand-poured in small batches and contains a soothing combination of ingredients that give lips a sensual, glossy, moisturizing boost. Paired with a sleek, silver lip brush, the ‘Radiant’ Lip Whip will be available in peppermint flavor profile for an exclusive time (while supplies lasts) for \$30.

Ingredients: *Organic castor seed oil, organic beeswax, organic sunflower oil, organic camellia seed oil, organic olive, sunflower & calendula oil, mica, titanium dioxide, carmine, tocopherol (non GMO vitamin E from sunflower,) and organic peppermint oil.*
